Purpose of this notice

iCEM is building a bench of practitioners who can teach what actually works in Indian mines
- safety, water, energy, digital operations, and leadership.

Scope

- Classroom, field, and AR/VR-supported sessions across iCEM verticals.
- Co-development of case material from GMDC and industry operations.
- Assessment design and certification support for mid-career cohorts.
- Availability for 8-24 training days per year on an as-required basis.

Eligibility

- Minimum 10 years in mining, processing, environment, or industrial digitalisation.
- Evidence of teaching, mentoring, or structured knowledge transfer.
- Individuals, retired practitioners, and institutional faculty may apply.

Submission

Application form, CV, two sample session outlines, and professional references. Empanelment does not confer employment with iCEM or GMDC.

Instructions to bidders

- Download this pack from the iCEM website and cite the reference number on all correspondence.
 - Queries must be sent to procurement@icem.in at least seven calendar days before the last date.
 - iCEM may issue corrigenda on this page; bidders are responsible for checking before submission.
 - Bids that do not follow the two-cover / format instructions in the parent notice will be rejected.
 - This document is issued by the International Center of Excellence in Mining (iCEM), an initiative of GMDC Ltd.
-
